SUPPLEMENTAL AMENDEMENT UNDER 37 CFR 1.116

This Supplemental Amendment responds to the Office Action dated June 4, 2010 and follows an Amendment filed via EFS-Web on August 17, 2010. This Supplemental Amendment attaches a translation into English of a priority Japanese patent application that predates the Flohr et al. reference on which all rejections are based in whole or in part, and identifies support in said priority application for the claims remaining in this application

Amendments to the claims are reflected in the **Listing of Claims** section which begins on page 2.

Remarks begin on page 8 of this paper.

Attached to this paper as **Appendix A** is a translation into English of priority Japanese patent application JP 2004-080939 filed on March 19, 2004.
